

## PRESS RELEASE

When you present a music platform three years in a row and the support grows with it, you are on the right path to deliver unique entertainment.

Coffee House Sessions (“CHS”) is about exquisite and intimate entertainment; our guests mostly come to enjoy high quality live music and outstanding voices in the unique settings of the Woodberry Café in Masaki, Dar es Salaam. Born as a platform the host, Grace Matata, wanted to offer to young talented musicians, CHS has grown its popularity around the standard of the music offered, a soulful/jazzy indulging trip interrupted only by great food and drinks.

This new series of events will start on Saturday, 11<sup>th</sup> August and continue every second Saturday of the month till 8<sup>th</sup> December 2018. Along Grace and upcoming artists, the events’ line-up will be reinforced with some popular live performers such as Mwasiti (which will grace the stage for the first event), Heri Muziki and more.

Access Bank, who endorsed also CHS S2, this year will be joined in the sponsors’ list by Coastal Aviation and Johnnie Walker. They provide the new production team for these events a valuable collective of brands committed to music with whom to deliver a memorable experience.

Johnnie Walker is a famous Scotch whisky established in 1820, distilled, blended and bottled in Scotland by John Walker & Sons Limited. Step by step the Company built their business and each step meant progress. That is why, still today, Johnnie Walker Scotch whiskey inspires us to push boundaries and to keep walking no matter what. Johnnie Walker is now the no. 1 selling Scotch whiskey in the world.

Johnnie Walker’s “Keep Walking” slogan is a perfect match with the Coffee House sessions as it inspires personal progress and success for the artists that are being showcased during the event.
